

NISHANT BABARAO DHABE

Mumbai, Maharashtra | Ph: +91-9096960273 | dhabenishant@gmail.com

SUMMARY

A highly motivated Developer with a solid foundation in ASP.NET CORE MVC, JAVA, Spring Boot, Entity Framework, React JS, Software Testing and MySQL. Experienced in building full-stack web applications and skilled in Object Oriented Programming. Holding a Post-Grauate Diploma in Advanced Computing and an Engineering degree in CSE, I'm eager to apply my skills and grow as a Developer in a dynamic environment.

CERTIFICATE

- PG-DAC CDAC Certified
- Manual Software Testing + Agile with JIRA Tool (UDEMY)
- .Net Intern
- Java Programming (Great Learning)
- HTML, CSS, SQL (SOLO-LEARN)
- MS-CIT (MS-OFFICE)

EXPERIENCE

- .Net Intern - INTERNSHIP(EliteTech Intern – 3-Months) Sep 2025**
- Completed multiple hands-on projects demonstrating skills in **ASP.NET MVC, Entity Framework, Azure Application Insights, and Secure Payment Integration**:
 - **E-Commerce Application (Basic)**: Designed and developed a web application with product listings and shopping cart functionality using ASP.NET MVC and Entity Framework.
 - **Performance Monitoring Dashboard**: Implemented a dashboard to monitor .NET application performance by integrating Azure Application Insights for real-time tracking and diagnostics.
 - **Secure Payment Integration**: Integrated secure payment gateways (PayPal/Stripe) into a .NET application, enabling safe and seamless online transactions.
 - **Tech Stack**: ASP.NET MVC/Core, Entity Framework, C#, SQL Server, Azure Application Insights, PayPal/Stripe API, Bootstrap

PROJECTS

- Complaint Box | ASP.NET Core MVC, React.js, Entity Framework, MySQL Aug 2024**
- The Complaint Management System is designed to streamline and manage the process of lodging, tracking, and resolving complaints from citizens. This system facilitates communication between common people and administrative authorities, ensuring efficient handling and resolution of issues.
 - The main purpose of the Complaint Box is to facilitate communication and information sharing between citizens and law enforcement

- Performance Measure Review and Discuss | .NET Framework, MySQL Oct 2019**
- The application assists employees in managing tasks and tracking attendance, replacing Excel sheets with an automated system. Developed using .Net technology, it includes modules like Nk1 and Nk2 for different departments.
 - Employees can register, log-in, and access their personalized dashboard to mark attendance and view assigned tasks. Tasks are assigned daily, weekly, and monthly. The dashboard displays all tasks, and employees can mark them as completed. Additional features include generating reports and logging out. This streamlined system enhances efficiency in task management and attendance tracking for the organization.

TECHNICAL SKILLS

Languages: C++, C#, Java, HTML, CSS, JavaScript, SQL, Node.js

Technologies: ASP.NET MVC, ASP.NET Core Web API, Entity Framework, Spring Framework (Spring Boot), Hibernate Framework, Servlet & JSP, React JS, GIT, Selenium, Mongo-DB, Docker, Bootstrap,

Concepts: Object-Oriented Programming (OOP), Exception Handling, Data Structures, Database, Normalization, Agile Methodology, Software Testing (Manual, Automation), REST API Development, Multithreading

EDUCATION

Academy of Information Technology (YCP) CDAC Post Graduate Diploma in Advanced Computing (Grade - C)	Nariman point, Mumbai March 2024-Aug 2024
Deogiri Institute of Engineering and Management Studies (Dr. BAMU Aurangabad) BE – Computer Science & Engineering (Percentage: 65.00)	Aurangabad Aug 2015 - Aug 2019
Lokmata Ahilyadevi Holkar Jr College Pusegaon, Hingoli Higher Secondary School Certificate XII (Percentage: 52.00)	Pusegaon, dist.Hingoli March 2015
S.S.D.M. School Pusegaon Secondary School Certificate X (Percentage: 69.20)	Pusegaon dist.Hingoli March 2013
